

Phono Solar Technology Co., Ltd.

Certificate of conformity

To whom it may concern,

As the manufacturer of the Photovoltaic modules, We Phono Solar Technology Co., Ltd. hereby declare that all of our mass produced Photovoltaic modules in the following models:

PV modules with 6" mono cells:

72cells 6"mono module:PSxxxM-24/T(280-380W)
66cells 6"mono module:PSxxxM-22/W(255-350W)
60cells 6"mono module:PSxxxM-20/U(215-315W)
54cells 6"mono module:PSxxxM-18/V(195-285W)
36cells 6"mono module:PSxxxM-12/G(130-190W)

PV modules with 5" mono cells:

72cells 5"mono module:PSxxxM-24/F(170-210W)
36cells 5"mono module:PSxxxM-12/D(85-105W)
36cells 5"mono module:PSxxxM-12/H(90-105W)

PV modules with 6" poly cells:

72cells 6"poly module: PSxxxP-24/T(275-355W)
66cells 6"poly module: PSxxxP-22/W(250-315W)
60cells 6"poly module: PSxxxP-20/U(215-295W)
54cells 6"poly module:PSxxxP-18/V(195-255W)
36cells 6"poly module:PSxxxP-12/G(130-170W)
1500V's and 1000V's double glass modules

are same with the modules sent for TUV SUD TUV mark Certification (Certificate No. Z2170384700040(1000 mono) , Z20170384700041(1000 poly), Z2170584700042(1500mono , Z2170584700043(1000 mono DG) , Z2170584700044(1500 mono dg)and Z2170584700045 1500 poly dg). We state these PV models are complying with EN 61215: 2005 and EN 61730-1:2007/A2:2013 and EN61730-2:2007/A1:2012.

Directive 2006/95/EC relating to the electrical equipment designed for use within certain voltage limits. It confirms that the list equipment complies with the principal protection requirements of the directive. It refers only to the particular samples submitted for testing and certification.

Also we declare our above Photovoltaic modules are complying with European LVD directive 2014/35/EC, EMC Directive 2014/30/EC.
